TOPIC: **WHY CONSTRUCTION.... LET'S TALK"**

Susan Faulkner-Goecke is President/Owner of AF Construction Company, a General Contracting Company founded in 1979 with an unlimited building license limit. Susan acquired the company in 2015. Having been in a leadership role and on the Board of Directors for over 20 years, it was the natural progression to purchase and take over when her father passed away. Today, AF is a 2nd - generation family-owned company and is also a WBE and WOSB. AF Construction crosses many markets and has built several projects in hospitality, public works, and private projects. Their projects have ranged anywhere from \$100,000- \$120,000,000. Susan's "Job Description" varies from day to day. With several jobs going right now, she makes sure the company is on target to achieve its goals and she manages flaming hot issues. She reviews all upcoming projects and makes the decision on which ones to bid. She interfaces with all external stakeholders to ensure success, for example, accounting, bonding, insurance, and legal teams. On top of all that, she signs everything that crosses her desk. It is never a dull day! Each day has new challenges, tasks, and decisions to be made. Susan is always looking for new talent to add to the team.
